Goraiderable general talk ensued on this divorce and aling

contract: bad not cut down street as grade required by two inches in some places, Mr. Blake claiming he agreed with former committee to gravel street as he had done in lieu of cutting down to the grade established; streets were in an unfinished condition, not rounded off as should be. Committee recommended Blake he paid for ground excavated and work done; recommended settlement on civil engineers appart, and find balance due Mr Blake to be \$1986.72.

Cases have been passed continued.

(For the Democrat.]

A discovery in the treatment of fevers, and it started in your paper volume 37, May 4th, 1871, and I answered it, in your volume 37, May 25th, 1871. I was looking for an answer, and no answer. Well, I am still on hand, and have a few words more to say, on that of medicine which relates to the fever, &c., and effects incident to the human body which has the power to produce a complication of phremsy page 1971. The Stark County Fair is not any better than it should be and what dissellon wants of a fair it is a little difficult to determine: Has not Massillon had experience enough in that direction?

Accident.—A son of Milo Alder was seriously injured by the discharge of a shot gun in the hands of a son of Mr. Jacob Ritter. Loaded guns are said to be dangerous playthings for boys.

WIRE FERRY.

Notice to Steamboat Captains, Owners of Vessels, &cc.

Take Notice. That I have erected, and am now operating A Wire Ferry, across the Ohis River at Smith's Ferry, Beaver county, Pa. The following letter from Daniel Daugherty, Esq., an Engineer of New Brighton, Pa., glves some particulars touching this Ferry that will be interesting to Steamboat men and others concerned.

IESES SMITH.

"New Brownor, Pa., May 30, 1871.

Dran Siz.—Jesse Smith, Esq., of Smith's Ferry, Beaver county, Pa., who has operated a ferry across the Ohio river, at that place, has recently been making a change in the motive power. For the purpose of rouning the ferry he has stretched an iron cable across the river. This cable is one and one-half inches in diameter, and is anchored on the right bank in rock, one hundred and six feet above high water mark, or the flood of 1852; and one hundred and forty-six feet above lowwater mark of Sept. 10th, 1838. On the left bank it is supported by a tower fifty-one feet and six incehs high, the cable being at that point one hundred and two feet and six inches above high water mark; the length of the cable between the points mentioned is 1826 feet, and it is fifty-seven feet and six inches above high water mark; the length of the cable between the points mentioned is 1826 feet, and it is fifty-seven feet and six inches above high water mark; the length of the cable being at that point or one hundred feet above low water mark—there being a sag of 45 feet at the lowest point of the cable. The whole length of the wire is 1930 feet, and is made of steel manufactured by John Robling's Sons, Trenton, New Jersey, and weighs three pounds to the foot. The holsting apparatus was constructed by A. Bartudee, of Pittsburgh. The boat was built by Scott, Royle & Co., and is of the following dimensions: Length 75, width 15 feet, and depth 3 feet; and draws buil 7 inches of water light."

Fulton is going to do that job for the west side of the County.

The Massillon Independent pays a just tribute to the memory of Hon O L Vallandigham. then. Let us refer the matter to arbitration according to law; don't let this matter dilly-dally in this way. Mr. Blake's workmen wanted their money; he needs and has a right to what is due, and should have it; he filled up the road last fall with gravel to make it passable during the winger; let us bring it to alclose by an honorable arbitration; we had had some experience in a law suit; the chairman (Anderson) no doubt had a remembrance of that large bill of costs that fell on the city from the grading of Plum street.

Some controversy arose as to the meaning the man in hell, Ah, dip the tip of your finger in' the water, once cool the lips, and tongue, go to the sick and wait on them, even if a hundreds sicknesses were assailing them. What are all habit unal desease and all devils against God, who here pledges Himself to be our protector and physician. It is written, He will give His angels charge over thee that they may keep thee in all thy ways; they will carry thee on their hands, lest thou dash thy foot against a stone. I have seen in my profession, which often leads me into the abodes of poverty and misery,

Some controversy arose as to the mean-me into the abodes of poverty and misery, where physical destitution is greater than spiritual. The rich and the great always have nurses and attendants in their afflictions; and whether it be for the sake of of thereafter a balance, he had a pay or not, they have the benefit, but before a rich or a great man goes to the sick of the poor, the case must be urgent.

Christ says, what ye do to the least of of the poor, the case must be digital and he ought have it.

The schaefer did not believe in such a sea this—to say to Blake, take this command of Christ A good shepherd lays down his life for his sheep, but a hireling seeth the wolf oming and fleeth. Now, is neither religion nor morality, this neither religion nor morality, this neither religion nor morality this neither religion nor morality. hung himself some time during Friday night, in a house in which he lived alone, belenging to Mr. Bucher. Deceased was about 77 years of age. He was the father of 21 children, all of whom are dead, except on whom place of residence is un. cept one whose place of residence is un-known. He was very poor, and arrange-ments were made to take him to the Co. Infirmary, on Saturday, to which he stout ly objected, and declared he would not submit to. He had been a resident of Weinsberg for about 20 years, and was a SERIOUS ACCIDENT .- William Eaton, of

Dovlestown, met with a serious accident last Thursday while engaged in digging a well. After blasting, he went down to gather up the pieces of rock, but feeling suffocated from the smoke and foul air, he called for assistance, and was raised to the he fell to the bottom, a distance of twenty-five feet. Help was at once called, and a man by the name of Cull went down after him, and both were raised nearly to the top, when Cull was so overcome with sufcation, that in his efforts to save himself Eaten again fell to the bottom, and Cull was caught barely in time to prevent his falling also. By another well-directed ef-fort, Eaton was rescued alive, but was found to have a leg and two ribs broken, as well as other serious injuries about the

head, shoulders and body. He was get-ting along well when last heard from.— Wadsworth Enterprise. A NEGBO JUROR.-We have looked on negro juror, and have heard of his "search for the verdict." A special venire was made by the Court last Saturday to fill vacancies on the regular jury, and the writ placed in the hands of the Sheriff, who is bound by law to serve it. Among those on the special venire was a three quarter blood negro named Joe Lucas.
